

MACBro

Earth Auger Tips

These Auger tips were designed by Macbro, in a range of sizes from 3" to 10" to suit existing Lyco and Macbro Augers. The 3" and 4" tips, have 3/4" shaft and 5/16" bolt hole. The 5"-6"-7"-8"-9" and 10" tips, have a 1" shaft and 3/8" bolt hole. High strength 10mm carbide tiles are fitted to leading edges.

We can also supply complete augers including tip to suit Lyco post drivers—POA
